### Principal's Message:

#### Burma Hills XC - Well Done, Everyone!

The race went very well, thanks to the hard work of so many volunteers! Thank you to everyone who helped set up, clean up, park cars and buses, run the concession, course marshall, and on and on and on! We had 540 runners, and the day went so smoothly! A big 'thanks' to our jr. high kids for helping keep runners on course and to Shiana Younger for coordinating our volunteers! Also, our runners from Brownfield did amazing! Congratulations on a great race, everyone!

#### Volleyball - Castor Tournaments Last Weekend

Congratulations to our boys and girls volleyball teams for a great showing at their tournaments last weekend in Castor! It was so cool to see the teams get stronger, with more and better rallies, as each game went on! Keep up the good work, and good luck tomorrow as we host Coronation after school.

#### Air-Chairing

I tried to learn something new during the summer: riding an airchair behind a motorboat. I won't get into details, but, long story short, I found it difficult, trying, and frustrating. As I sat bobbing in the water, clearing the lake water from my nostrils, I thought about how hard it is (and frustrating at times) to learn something new. We challenge our students to take on new things all of the time. We ask them to do more, expand their thinking, and take on new, more difficult problems. I managed to ride eventually, for a few moments at least, but I needed lots of opportunities to try and loads of help and encouragement.

If you notice your kiddo is having a hard time, please reach out. Let's work together to provide the opportunities, help and encouragement each person needs to succeed.

If you have any questions or concerns, please don't hesitate to contact your child (ren)'s teacher or me. You can reach me on my cell phone (587-282-0944) or by email ([ifaber@clearview.ab.ca](mailto:ifaber@clearview.ab.ca)).

## Issue #05

Thank you to Ken and Treena Adair for their generous donation of ground beef for the hot lunch program! Greatly appreciated!

The grade 1, 2 and 3 class have been working hard. We are handwriting, writing, practicing grammar, doing U.F.L.I. and yesterday we played some new games to practice reading, writing and spelling words. All three classes really liked the games, so that is a good thing. We continue to work on our classroom maps during social studies and learn about maps and globes. We are almost finished our science unit on the scientific method so we will start a new unit on matter. In math we watch a short episode of Number Blocks on Tuesdays: today we learned about even and odd numbers and then we practiced with some blocks and then made the Number Block crew from 1 to 10. We are learning, making progress and having fun!

#### Garbage Co-Op (Brownfield)

The Brownfield Garbage Co-op has space for 1-2 families to be added to our Co-op. We have a garbage bin in our yard (centrally located in Brownfield) that magically is emptied every two weeks and we share the cost and convenience with a group of people. The cost does fluctuate based on fuel prices and trucking costs. At our last billing it cost about \$46 per month for each family involved. . Now one of our families has moved away. If you are interested in this service, please call or text Darolyn at (403) 578-8432 for more details.
