Principal's Message

THE BEST ALARM CLOCK

Over the past week or ten days, there have been so many Sandhill Cranes near our house. Each morning, as they get ready to take flight, they start calling, and the noise carries to my bedroom window. It is the best alarm clock ever! This is just another reminder from Mother Nature that spring is here! We have many exciting things to look forward to here at Brownfield Community School this spring. I am particularly excited about our outdoor education canoe trips, field trips, and track and field days!

If you have a question or concern, please don't wait. Reach out to your child's teacher or me. We want to work with our families to help our students thrive. You can reach me on my cell phone (587-282-0944) or by email (jfaber@clearview.ab.ca).

GRADE 1-2-3

Today was the first day back after the Easter weekend. We hope that you had a lovely weekend.

We have a shorter week than usual, so we are going to break from our routine and do some catch up things. Today we watched a book on YouTube called My Lucky Day, it worked very well with our talk about inferencing. Inferencing is the process of drawing conclusions based on evidence and reasoning. We all thought the story was going to happen a certain way, and it did, but the ending surprised us. We talked about how many different skills we need to do when we read to read properly. Next week we will talk about the skills we need when reading non-fiction. In math, the grade one class started subtraction and the grade two class counted and stamped random numbers from 500 to 540. Don't forget we have school on Friday!
